## RESULT OF BEST KEPT VILLAGE COMPETITION

We have just had the results back and we finished in the middle third, which is better than some years. The judges wrote:

*“Modbury is a delightful small town..... It retains a market town atmosphere with shops selling local and home-made produce, but with an increasing number of art and design studios - possibly replacing earlier antique dealers. But for the through traffic, including many immense tractors, the main street would be a very congenial meeting place for residents.*

*There is clearly a very strong community spirit with an amazingly efficient Information Office staffed by volunteers, bustling Post Office/Shop displaying village notices in its window, and a beautifully maintained and active church. Both public and private buildings together with gardens and open spaces, as well as the public toilets, are very well maintained, with hardly any litter even around the recycling bins. It appears to be well planned in its more recent development with ample parking conveniently placed for the shops and for the health centre.*

*Continued on Page 4....*

## MODBURY MILLENNIUM MEADOW

We are extremely pleased that so many of you are using Modbury’s open space and taking an interest in its development. What is most encouraging is the actions some are taking in picking up the odd item of litter that sadly tends to be left behind by a few thoughtless individuals. A big thank you to those who are doing this as we most positively will not be providing litter bins in the area as this tends to encourage people to leave debris rather than taking it home.

During the early part of November we will be having our first AGM and inviting everyone who has an interest in, or use, the Meadow to come along to a presentation and be part of “The Friends of Modbury Millennium Meadow”. Date and venue will be announced in the next Messenger.

## Whose service is it?

Are you being served?  
Are you serving?

So much in our town and village depends on those who voluntarily give their time and skills to serve others.

Some of this is like secret service, going on quietly and persistently, perhaps only noticed when it stops.

Jesus came to serve and those who follow in his footsteps hear the call to service.

Listening for that call is what we will be doing at the seven week: **Christianity Explored Course on Sunday evenings at 6pm in St. George's Church** starting this month.

In the church there are many different ways in which service is expressed and we will be exploring some of them in:

#### The Ministry Course at 7.30pm on Wednesdays in St. George's Church.

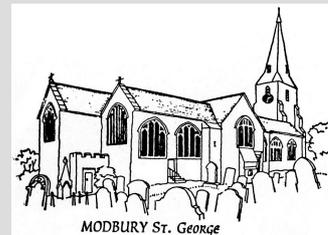

Alan Ryan is training for ordained ministry in the Church of England, at the same time as doing a full time job. He is two thirds of the way through his course, and this year his project is to lead a course. So we have the opportunity once again to share in his training.

Topics covered include: speaking in public, reading the lesson, intercession, leading worship, pastoral visiting and much more. Pick up a leaflet in church to find out more.

Our acts of worship are sometimes called "services". We welcome all to come and join the servants of Almighty God.

## PLANNING

**Modbury Parish Council recommended refusal and SHDC refused** - Erection of a new dwelling at Champernowne Cottage Palm Cross Green.

**SHDC advised** that planning application re development west of Tuckers Brook by R Mitchell was withdrawn.

**Modbury Parish Council recommended approval** of installation of telecommunication equipment for Argiva Ltd at Site 13131 Davis Field, Scalders Lane.

## MODBURY PARISH COUNCIL WEBSITE - EDITORS

The Parish Council are negotiating the setting up of a Parish Council Website. It is envisaged that the site will:

- Positively market the town and its facilities;
- Publish Council agendas, minutes and planning applications;
- Provide an on-line copy of the Messenger;
- Provide links to other relevant sites and local retailers;
- Summarise the town's history and have a photo gallery;
- Provide location maps, directions and local weather reports;
- Advertise and report on local activities.

We need 2 or 3 volunteers to act as website editors to ensure the

site is up to date. You don't need to be an IT wizard, just have a basic familiarity with, and access to, a PC, including the use of Microsoft Word.

Full training will be given and the work should not involve more than an hour or so a week.

Applications please to David Hansford, Parish Clerk, The Parish Office, 6 Modbury Court, Church Street, Modbury PL21 0QR.

## FOOTPATH AND FIELDS AT SWANBRIDGE MILL AND THE GAS HOUSE

The footpath through these fields is the only area where there is a legal right to walk. Dogs should **NOT** be allowed off leads and **MUST** be under control at all times.

The respective landowners have to date been very tolerant towards people and children walking dogs and playing in the meadows.

Unfortunately there have been recent incidents of dogs chasing livestock and killing poultry, abuse from children, and litter/bottles/cans left in the meadows. If this situation continues then all access to the meadows, other than on the legal footpath, will be stopped.

## PARKING PROBLEMS

**Further to the comments on Page 3 of the September Messenger with regard to 'parking'.....**

*"The leaving of vehicles unattended, thus restricting the use of cul-de-sac turning circles, can lead to fatal consequences, and I have personally experienced this.*

*As part of normal planning applications, turning circles are introduced where a 'dead end' road exceeds certain lengths and are specifically required to allow Fire Brigade and Ambulances the facility to manoeuvre in an emergency.*

*Vehicles should therefore not be left unattended in these areas - it could be your friends and family that these emergency services are trying to assist!*

## RESULT OF BEST KEPT VILLAGE COMPETITION.....

*Continued from Front Page*

".....Away from the town centre, the church has an excellent new parking area which appears to be available for general use on most days.

The church and its surrounds are meticulously maintained, and make ample provision for quiet meditation as well as providing for more physical needs with children's toys, umbrellas and wheelchairs. There is also a cleverly designed kitchen sink hidden beneath a Victorian-looking cover.

Notices of public events indicate a commendable concern with needs in developing countries, but little on more local problems. Although the alter cloth is of outstanding design, the inclusion of advertising for one specific art studio is puzzling.

Well placed at the other end of the town is the new Millennium Garden which, for a quiet rest, avoids the very steep climb to the church. Whilst still unmellowed this has been well designed alongside running water, and is close to the new development which includes affordable housing.

The outstanding Village Design Statement, beautifully presented, shows how carefully the future has been considered. Footpaths are well maintained and free of litter but the path from the top of Galpin Street leads you into an open field with no clear direction to continue, and the entrance to this path from Tucker's Brook is also unmarked. This is a matter for DCC.

Last year there were criticisms of the Chamber of Commerce notice board (still looking neglected with last year's Best Kept Village details fading slowly), the Armada seat at the Memorial Hall (20 years old this year) and the Sports Field. This last is clearly a problem, being so isolated, but there was well established litter in the gateway and as this is more for the younger generation it deserves more attention.

The Youth Centre, marked specifically on the map provided, has now gone (so I was informed at the school, which is clearly thriving) and perhaps this is another indication that the substantial effort to plan the future needs fully to consider the population to the future.

That said, I return to the introduction: ***Modbury is delightful, with a vibrant social atmosphere, active environmental concerns and an enviable future***".

## MODBURY COMMUNITY CHRISTMAS CARD

This is a fabulous way of sending Christmas wishes to all your local friends and colleagues without having to write any Christmas cards! The Community Christmas Card is displayed in one of our local shops in the weeks running up to Christmas and is a beautifully produced card by local artists – the local artists of course being children from Modbury Primary school! It will also be displayed in the December issue of the Modbury Messenger.

All you have to do is donate £5 and have your family's names added to our ever growing list of contributors. In the past few years all your support for this scheme has enabled the school to purchase much needed equipment for the children that will be enjoyed for years to come. This year we would like to raise funds towards a new, much needed pool cover.

We not only save money by doing this fabulous card (let's face it, Christmas cards are getting pricey), we also help preserve our environment and cut down on recycling waste, save ourselves some precious time and can feel confident in the knowledge that our £5 contribution is investing in our children's future. You do not have to be a parent of Modbury School to join this scheme, anyone can be involved.

Simply put your donation in a sealed envelope and either deliver it to the School Office or take it to Pickles. Please remember to put on the envelope ALL the names that you wish to appear on the Community Christmas Card. This may or may not include your surname, it is entirely up to you. I will enter it on the card exactly as written on the envelope.

**The cut off date for contributions is the 11th November!**  
**SO DON'T FILE THIS IN THE 'TO GET AROUND TO ANOTHER DAY' PILE,**

## MODBURY LOCAL HISTORY SOCIETY

Our first meeting of the new season of lectures was very well attended. Forty members turned up in spite of the wet weather, and we were pleased to enrol some new people.

The new tenant at The White Hart (Ruth Davidson-Ward) was kind enough to make the Assembly Room available to us although the premises were undergoing refurbishment prior to re-opening, which will be accomplished before our next meeting on Wednesday 8<sup>th</sup> October.

The subject of the September lecture was, appropriately, 'The White Hart', and Terry Pearson from Paignton gave a most interesting account of her research into the origin of this symbol which appears all over the country, not only on hotel and pub signs, but in churches and places such as Dartington Hall etc. Aided by many colour slides, all of which were taken by Terry, she held the audience spellbound for over an hour.

Chairman Mary Timmis warmly thanked the speaker for giving us such an interesting evening with such a lot of information! We hope to persuade Terry to return with another of her lectures which she gives at many venues all over the world - next year at this time she will be lecturing in Australia.

Next month we shall be welcoming Mr Bernard Hughes from Exmouth who is an expert on our Inland Waterways. Do not miss it!

## **P3 Volunteer Work Party**

**Sunday 12<sup>th</sup>  
October from  
10 am**

The footpath to Swanbridge Mill from Poundwell Car Park is in need of some additional maintenance. We have arranged for the delivery of a large quantity of road planings to carry out this work and would welcome any assistance that anyone may be able to provide to apply these to the path. If you can bring a wheelbarrow, shovel or rake that would be most useful.

Refreshments will be provided. If you are able to lend a hand please let us know in advance if you can but we don't mind anyone turning up at the last minute if you suddenly find you have some spare time (and energy!) on your hands.

Meet in the Poundwell lower car park. Many thanks.

## **COULD MODBURY BE AN ECOTOWN?**

This is the question I am exploring as a 3rd year project as part of my BSc in Environmental Hazards at Portsmouth University. I am looking at how far it is possible to turn an existing town into an eco-town and am using Modbury, my home town, as an example. An ecotown is defined as "a community offering the opportunity to achieve high standards of sustainable living, aiming at zero carbon developments and should be exemplary in one area of sustainability such as energy production".

I am studying how much energy is presently used by Modbury households, looking at ways to save energy and to produce energy locally and sustainably. To help to estimate present energy use and energy saving methods currently used in the home I have asked Modbury households to fill out a questionnaire. I would like to thank those many households who have completed the questionnaire, many of whom also added helpful comments.

If you still have a copy of the questionnaire it can still be filled in and returned to me at 37 Long Park, Modbury. I hope to be able to share the overall results of my study in a future edition of the Messenger as many Modbury residents have said they would be interested in the results of my project.

*Philippa Barnes*

## **THE GREEN CORNER Green Driving**

Car manufacturers have at last started to realise the importance of low fuel consumption and many modern cars now achieve around 70 mpg –

an important consideration if you live and work in a rural community like Modbury.

Whatever age the car, it's drivers who can make a real difference to motoring costs by changing their habits. I recently read an article about saving up to £1200 a year by adopting a few simple practises which you may find useful:

Moderate your driving style – accelerate gently and smoothly and anticipate braking. Pressing the accelerator pedal uses fuel, and braking wastes it.

Driving at 80 mph, (not that any of us would do such a thing) uses up to 25% more fuel than driving at 70. Use the cruise control if fitted and save 10%.

Air-cons, demisters and headlights all use power from the engine and deflated tyres cause extra drag and increase fuel consumption.

Empty the boot of unnecessary weight. Carrying around bags of cement or potting compost is not very sensible especially if you go up to Harraton Cross frequently. Coming down of course would increase the wear on the brake pads. Incidentally, a bag of golf clubs and trolley weigh a lot more than a bag of cement.

And the final tip, and one we can probably all identify with, is don't get lost! Making up lost time, driving more aggressively ("it wasn't my map-reading"), and travelling the extra miles will seriously damage your green driving experience.

*Jeff Booth*

### Planning Applications

Notices of planning applications lodged with SHDC are displayed on the Parish Noticeboard outside the Post Office. Copies of plans relating to these applications can be inspected at the Parish Office during above office hours or when a Councillor is on duty.

### Contacting Parish Councillors

Parish Councillors attend the Parish Office, on a rota basis, on Saturday mornings from 10.00 - 11.00am. Should you have any parish matter you would like to discuss come along to the Office at 6 Modbury Court. You can also call in to the Office on Mondays from 9.00am - 1.00pm and speak to the Clerk, David Hansford.

He can also be contacted by phone on 01548 830222 or e-mail at [modburypc@tiscali.co.uk](mailto:modburypc@tiscali.co.uk)

At all other times you can leave a message either by phone or e-mail (see above) or alternatively you can write a letter or speak at the public forum held at the beginning of each monthly meeting of the Parish Council, held on the second Monday of each month at 7.00pm in the annexe of the Memorial Hall.
